

Greetings,

It is with great pleasure to sincerely invite you to the German Offshore-Wind Initiative (GOI) Themed Social!

Themed Socials are small-sized and invite only, business networking events. One theme will be selected as the core of each Themed Social, kicking-off with a casual panel chat over some beverages before moving in for the true purpose - B2B network!

The theme on this occasion is *Crossing the Line*. We would like to encourage exchanges between the Offshore Wind Industry with the ICT Industry of Taiwan, and pick the brains of some of the most talented and innovative experts!

Thank you very much for your support, and sincerely looking forward to seeing you soon!

David Chiang
Representative, Taiwan
German Offshore-Wind Initiative
